₹2,999 setup + **₹1,499**/month

₹1,499 for months 1–3, then ₹1,999. First 3 salons; price fixed for 12 months.

Standard features. In return: a baseline from your register, a testimonial, and use of anonymised numbers.

Pays for itself after

4 visits a month

₹1,499 plan + about ₹660 WhatsApp fees, divided by your ₹600 average bill. WhatsApp fees go from you directly to Meta, with no markup from us.

How it works

- **Day 1:** you sign and pay half the setup fee, ₹1,500, by UPI. We need your price list and 20 minutes to connect your WhatsApp Business number.
- **By day 10:** BotBhai is live, with your prices, timings and Telugu replies. You pay the other ₹1,499 at go-live, or we return your advance if we miss day 10.
- **Every month:** an invoice on WhatsApp, a UPI QR, and a one-page report: bookings, reminders sent, no-shows, reviews and WhatsApp fees.
- **Any month:** stop by sending one WhatsApp. No lock-in. Your customer list is exported to you, then deleted from our systems.
